

List of the poster presentations at the 12th AITVM Conference, Montpellier, France, 20-22 August 2007

Abstract N°	AUTHOR	Title
1	Yahia Hassan Ali	Molecular Epidemiology and Characterization of Camel Group A Rotaviruses in Sudan
23	Bahaman, A.R.	ROLE OF RATS IN THE EPIDEMIOLOGY OF LEPTOSPIROSIS IN MALAYSIA
27	Regasa C.,	Sero-prevalence of Newcastle disease in backyard chickens in mid rift valley of Oromia, Ethiopia
33	Grimaud P. / ETTER	Evaluation du risque zoonotique de la tuberculose et de la brucellose en Ouganda
66	Belli P	Seroprevalence of Brucellosis, Chlamydiosis and Q Fever in dairy cattle in the periurban area of Niamey
69	Criminella C	Seroprevalence of Brucellosis, Chlamydiosis and Q Fever in small ruminants in the periurban area of Niamey
78	Baba SS	THE ROLES OF HUSBANDRY AND RESPIRATORY INFECTIONS ON THE PRODUCTIVITY OF SMALL RUMINANTS IN NORTHERN CAMEROON
85	Michaud V	Long-term storage of animal blood on filter papers for direct detection and genotyping of viruses
89	Martinez M	RISK ANALYSIS AND CONTINGENCY PLANS: THE BEST OPTION TO IMPROVE PREVENTIVE AND CONTROL MEASURES.
107	KIANIZADEH M.	RETAINING LOW PATHOGENIC CHARACTERISTIC OF AVIAN INFLUENZA H9N2 ISOLATES BASED ON GENETIC MARKERS OF SURFACE PROTEINS
161	Bulboa C	Risk analysis of the introduction and spread of honeybee diseases in Spain
5/6	Roya Sadri	Preparation and Evaluation of a potency single pox vaccine in different races of sheep and goat in Iran
13	Fallahi	Production of Rabbit Anti-sheep Hemolysin by Two Different Methods
36	KEITA, Djeneba	Control of African swine fever virus by siRNA
46	Peyre, M.,	Impact of mass vaccination campaign against H5N1 in Vietnam
90	Figuerola, J. V.	IN VITRO GROWTH INHIBITION OF BABESIA BIGEMINA AND B. BOVIS WITH PROTEIN SYNTHESIS ANTIBIOTIC INHIBITORS
91	Figuerola J.V	PHYLOGENETIC ANALYSIS OF MEXICAN Babesia bovis ISOLATES USING msa AND ssRNA GENES.
92	Figuerola, J. V.	SAFETY AND PROTECTION STUDY OF A CRYOPRESERVED, LIVE ATTENUATED VACCINE AGAINST BOVINE BABESIOSIS IN PREGNANT HEIFERS
118	Waret A	Analysis of the 1999 national serological survey on PPR in Ethiopia
151	Marcotty	Immunisation against bovine theileriose using local parasites
160	Musa /Lanyasunya	AVIAN LIPOPROTEIN FROM A GENETIC PERSPECTIVE
124	Rodríguez, A.E.,	GPI-anchored surface antigens are critical for the invasion of erythrocytes by Babesia bovis merozoites
125	Florin-Christensen, M.	Bioinformatic identification of conserved B-cell epitopes in the bovine hemoparasite Babesia bovis
62	Cantáfora, A.F.A.,	The effect of a training course on milking hygiene in periurban area of Maroua (Cameroon)
63	Turini J	Survey on the contamination of milk chain in periurban area of Niamey
147	Teguaia	The production performances of broiler chickens fed graded levels of cooked cowpea (Vigna unguiculata)
148	Teguaia	Growth performances, organ development and blood parameters of rats fed graded levels of steeped and cooked taro tuber (Colocasia esculenta)flour
156	Lanyasunya, T. P.	Effect of maturity on chemical, phenolics and amino acids content and rumen degradability of Sorghum alnum
12	Fallahi R	Primary Cell Culture from Goldfish (Carassius auratus) Different Organs
22	Madder	THE DEVELOPMENT OF A REUSABLE GENERIC TEMPLATE TO BUILD PARASITE DATA SHEETS
25	Yousefi	Anatomical study of stifle joint in iranian one humped camel(camelus dromedarius).
47	Lesnoff M / Lancelot	LASER and 12MO: two methods and tools for estimating baseline livestock demographic parameters in developing countries
164	Porphyre V	Pigtrap 2.0: the next evolution of the information Web center to promote research and education in pig sciences and development in southern countries
2	Intisar K. S.;	Detection of Pestes des petites Ruminants (PPR) antibodies in sheep and goats in different areas of Sudan using competitive ELISA
14	Ranjbar-Bahadori, Sh	Study on the Effects of Temperature and Incubation Time on Two Native Nematophagous Fungi: Arthrobotrys oligospora and A. cladodes
35	Farhoodi	Marek's disease among commercial chicken focks in Iran
49	Sadrebazzaz, A	EVALUATION OF BOVINE ABORTION ASSOCIATED WITH NEOSPORA CANINUM BY DIFFERENT DIAGNOSTIC TECHNIQUES IN MASHHAD, IRAN
112	Ndjuissi, T. A. N.	PREVALENCE,INTENSITY OF INFECTION AND TREATMENT OF GASTRO-INTESTINAL PARASITES OF THE GRASS CUTTER IN CAPTIVITY
157	Bonnet Pascal	Ten years of FMD outbreak in SADC region : an analysis of the geographical structure
13	Tamboura	Prevalence of common gastrointestinal nematods parasites in scavenging pigs of different ages and sexes in eastern-centre province Burkina Faso.
